Cones Times

As of February 17, 2010, course has not been set. We will try a standard setting for each class of cones. These measurements have been made on the assumption that everyone will be driving a marathon carriage with a standard wheel setting of 125 cm. Those drivers who wish to have a different cones setting need to contact the Organizer at jennifermatheson@bellsouth.net

Class	Speed	Add-on	Standard set	Time Allowed
VSE – Training	160 mpm	35 cm	tbd	
VSE – Training Four	150 mpm	40 cm	tbd	
VSE – Preliminary	180 mpm	30 cm	tbd
